MR. AND MS. BAY HIGH

DONNA PALMISANO

DAVID MCIVER

Mr. Bay High, David McIver, is the son of Mr. and Mrs. Randy McIver of Bay St. Louis.

David was born in Grand Forks, North Dakota. After moving to Bay St. Louis, he enrolled at North Bay Elementary. At the age of nine David began playing baseball and has participated in that sport ever since. In fifth grade he started playing football; he is a two-year member of the Bay High football team. In ninth grade he was selected as an All-Conference football player. Other sports that David has enjoyed are track and basketball. He has been on the track team all four of his high school years and participated in basketball from fifth grade through ninth grade. On his free time David likes fishing and hunting. At Bay Jr. High Mr. McIver was chosen as the most handsome male in the ninth grade. In tenth grade he was selected Class Favorite.

Mr. Bay High has not yet decided where he will attend college, but he intends to major in Computer Technology.

Dave looks forward to graduation but says he'll miss all of his friends and the many activities he has taken part in here at Bay High.

Ms. Bay High, Donna Palmisano, is the daughter of Mr. and Mrs. Everett Darrow of Bay St. Louis.

Ms. Palmisano was born in New Orleans, Louisiana, where she attended elementary school. Due to her family's move to Bay St. Louis in 1979, she enrolled in Our Lady's Academy and then to Bay High to complete her three years of high school.

On her free time Donna enjoys photography and cheerleading. She especially likes spirit week and rival games! Ms. Bay High has been a cheerleader at Bay High for two years and has also been a member of the tennis team and volleyball team for the same period of time. Donna has also been an active member of the Future Homemakers of America for one year and a member of the yearbook staff for one year. She has been selected as a Homecoming Maid for three years, and she was chosen "Most Likely to Be Missed" this year.

Chemistry and Biology are the courses Ms. Bay High enjoys as she prepares to major in medicine at Louisiana State University.

BAY SENIOR HIGH
GATEWAY TO THE FUTURE

Just as our community has served as a "Gateway" to the Mississippi Gulf Coast for millions of people over the years, so too does Bay Senior High School serve as a "Gateway" — a gateway to success in our future.

Our gateway has led us on many different paths with the ultimate goal of giving us the skills needed to be whatever we choose to be in the years to come. Not all of those paths have been easy ones on which to walk, but when we have stumbled, there has always been a friend or an understanding teacher to help us get up and move forward.

As we move through the different gateways leading us toward our high school diploma, we must be ready to face whatever lies around the next bend, no matter how difficult. We must be wise enough to look back at those gateways through which we've already come, learning from our mistakes so as to be better persons.

Our gateways have not just been in the area of formal education. We have opened the gates of friendship, competition, laughter, tears, hopes and fears.

In the years to come, as you open new gateways in your lives, it is the sincere wish of the editors, staff, and sponsor of *Tiger '84* that you will open this yearbook and remember with pride the many *GATEWAYS* that were opened during your years at Bay High.

STAR STUDENT
MISS STEPHANIE CAROL POWER

Stephanie is the daughter of Mr. and Mrs. Billy Power of Bay St. Louis. She attended North Bay Elementary and Bay Junior High before coming to Bay Senior High School.

During Miss Power's eighth grade and freshman years, she was a member of the National Junior Honor Society, Student Council, and the *Tigers Pause* yearbook staff. She was selected as Editor-in-Chief of *Tigers Pause 81* during her ninth grade year. At the end of that same year she won the Algebra I Award.

Our "Star Student" has been a member of the French Club and also a volunteer office worker for the past three years. During her sophomore year she placed eighth in the state on the National French Test (Level I) and also received the Geometry Award. During the summer of 1982 she was chosen to attend the Governor's School at Mississippi University for Women at Columbus. In her junior year she was selected as a member of the National Honor Society and was elected Treasurer of her class. In that same year she won the Algebra II Award and placed seventh in the state on the National French Test (Level II). Stephanie placed first in Chemistry in the Junior Engineering Technological Society's 1983 TEAMS COMPETITION. She was also chosen to attend the American Legion Auxiliary's Girls' State in that same year.

This year our "Star Student" is a member of the National Honor Society and the Business Club and was listed in *Who's Who Among American High School Students*. Stephanie is a member of the First Presbyterian Church of Bay St. Louis.

After graduation this outstanding young lady plans to attend Mississippi State University where she will major in Chemical Engineering.

STAR TEACHER
MR. KENNETH JOSEPH HARDER

Mr. Harder received his B.S. from Mississippi State University with a major in math and a minor in science. He has been teaching in the Bay St. Louis School System for twenty-one years.

Our "Star Teacher" has been a member of the National Council of Teachers of Math for eighteen years and is a member of Our Lady of the Gulf Catholic Church. He sponsored a math club here at Bay High several years ago; he was also chosen in past years as class sponsor by several junior classes and is presently one of the sponsors of the sophomore class.

For three years our "Star Teacher" taught at Pascagoula Junior High, but he feels that BSH is a much better place to work. He has been married for eight years to the former Patti Cacibauda, and the couple has a four-year-old daughter, Page, who is the apple of her daddy's eye.

Mr. Harder is the creator of an Algebra game which he calls "Equation Rotation." We congratulate him for getting a patent on his game, and we wish him much success in the future. He has also published an article in a national journal, *Mathematical Teacher*, in which he discusses his classroom game, "Algebra, Tic-Tac-Toe."

When questioned as to how he felt about being chosen as "Star Teacher," Mr. Harder stated that he was proud to have been chosen by such an outstanding young lady as Stephanie Power. "I appreciate it very much," were his exact words. "When you teach as many students as I do, you know you can't reach them all, but I am glad to know that I am at least reaching some of them," said Mr. Ken Harder.

BAY SENIOR HIGH'S ADVERTISERS

GATEWAY TO BUSINESSES

THE STUDENT CENTER

Going to McDonald's is as much a part of school as going to class. You've made us the place to meet, to talk, to have a good time, to celebrate your victories, and to help forget your defeats!

You've made McDonald's more than just another place to eat. And that's why we say,

"You deserve
a
break
today!"

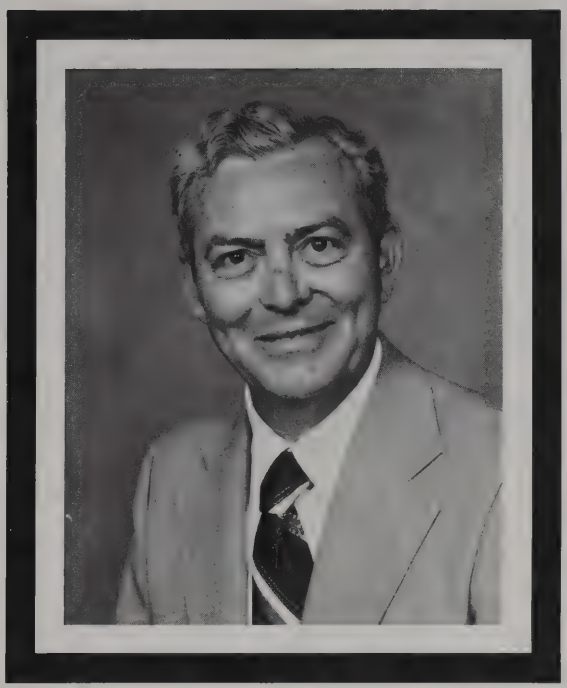
IN MEMORIAM



JOHN HOWARD GINN

Past President — Tiger Booster Club

"VOICE OF THE TIGERS"

This past year the community as well as the Bay St. Louis Public School System has been deeply saddened by the untimely death of a truly outstanding gentleman, Mr. John Ginn.

Mr. Ginn instilled in all who knew him a sense of devout loyalty and school spirit. He left a tradition which will be continued as a lasting memorial to him, the welcome of the Tiger Field Announcer saying:

LADIES AND GENTLEMEN, YOU'RE NOW IN TIGER COUNTRY!

Handiest Bank in South Mississippi, helps you save time and money.
